

AEH1 2020 SERVICE PROGRAMS

MAXIMISE PERFORMANCE, MINIMISE DOWNTIME

WITH A SERVICE INSPECTION AND MAINTENANCE PROGRAM FROM YOUR SERVICE SPECIALISTS

As the new year commences the AEH1 group are offering an industry-leading service inspection and maintenance program to help prevent downtime and keep your equipment running strong. Now is the perfect time to speak to our service teams to ensure your equipment is ready for next season. That's why we're offering our best deals of the year with our 2020 Service Specials!

Each maintenance program will ensure that your machine is ready for work and each inspection program provides you with a detailed checklist of essential maintenance as well as a report of any findings. We encourage you to review these findings with the service manager, keeping in mind that all repairs you would like to have done will be completed with genuine New Holland parts that provide 12 months warranty and by our factory trained service technicians.

With our fleet of service vehicles, we can come to you and eliminate the need to haul your large farm equipment to one of our shops, thus reducing your liability and overall costs.
